Gabe is expecting to present the first draft budget to the Board at the September board meeting. Gabe said if the voters approve ballot HH, it would extend our budget timeline into January. Director Thorn asked Gabe about the latest status on proposition HH. Gabe doesn't know how it's polling. Director Dykstra said we are “de-bruced” and “de-gallagherized” so it may not have the impact to the extent we initially thought.

#### ii. Information: 2024 Budget Preparations and Process

know facilities will increase due to the increase in utility costs. For Capital projects, we continue to see issues with Station 1 such as a water issue due to a leaking pipe. Jeff said there will be some costs for Station 1 improvements and to increase the gym space at Station 3. We are also looking at installing a public bathroom upstairs at Station 1 for staff. Chief Jaques also said they are working on new positions as well. Director Rosen asked if, while we're thinking about Station 5, Station 1 continue to be a station or would it close/sell? Chief Vess said some of these improvements have to be done to make it right. Director Medhurst asked about salaries and wages – specifically steps for firefighters. He wanted to know about the possibility of getting in line with area agencies and their salaries. Chief Jaques said they are working on that and that Emily has spent tremendous time gathering that information. She put together two models – leaving structure as is applying a % increase across the board and the other is less steps with market increases per job. She's also looking at all of our benefits – vacation, sick, etc.

#### IV. District Update

##### i. Reports

##### 1. WSFR Monthly Response Report

- a. Chief Vess said we had another records month with 453 calls. EMS calls are still our highest volume of calls. We had a structure fire a week ago in Severance with aid from Eaton Fire. Crews kept the fire from spreading to neighboring homes. The Dive Truck is in-service, and training is occurring. The county is changing the numbering system of apparatus, so we'll be switching from a 4-digit identifier to a 3-digit identifier leading with apparatus type (engine, truck, brush). This probably won't go into effect until January. Director Rosen said the call processing time has decreased. Weld County dispatch is making strides in improving the system and reporting.

##### 2. WSFR Division Reports

- a. Chief Jaques said Chief Friedrichsen will be presenting the new fee schedule at the next board meeting.
- b. Chief Greer said they completed search rescue training. Coming up is report cards – evaluating crew performance. There will be some live fire training at Aims. Carestream will be hosting training for confined space and rope rescue. Chief Jaques said he's been working closely with Kevin Waters and his team to

develop zoning – urban and rural response. Our deployment has changed to closest unit dispatch, and we need to develop our time compliance around that.

### ii. Personnel

#### 1. Entry-Level Firefighter Hiring Process

- a. Emily said we do an annual process to create an eligibility list to pull from. The posting closed the end of July, and we will interview 32 folks next week. The Chief panel interviews are in the last week of August. We started with 130 candidates, but not all of them completed that process. Emily and Cierra are using ADP for recruitment allowing them to pull data and metrics. Chief Jaques thanked Emily and Cierra for their hard work for developing a professional system. Director Thorn asked what number is our desired pool? We want to carry a list of 12-15.
- b. Emily said we have professional development with upper leadership with contracted professionals.

#### 2. FRFC 2023-2 Academy

- a. Chief Greer said we will put our one recruit through a one-week academy starting Monday, 8/14.

### iii. WSFR Activities and Events

1. Chief Jaques said we are gearing up for fire prevention month in October. Chief Friedrichsen and Hayley are leading that. Harvest Fest, back to school, groundbreaking for police department.

### iv. Facilities & Apparatus

#### 1. Station 4 Trench Drain Update

- a. Chief Jaques said we're working with the storm water division with the Town of Windsor – landscaping requirements are being finished. Then we should be able to close out the permit and get our deposit back. Chief Jaques said that the total bill will be \$8943 for the new trench to allow the proper water drainage. We have our 11-month warranty walk through next month. Director Rosen said that yes, we didn't expect to pay the \$8943, but over the next 50-year period, it isn't a big deal.

2. Director Dykstra said the bays are now painted. Next will be refinishing the floors in the bay – should start in a couple of weeks.

- ii. Discussion/Possible Action: Auto-Aid Agreement for Closest-Unit Dispatching: WSFR and GFD  
Chief Jaques said the agreement is for specific call types (7 types such as structure fires, vegetation fires, echo medicals, etc.). The goal is to go-live September 1 with GFD and then mirror it with FRFR. This is in addition to our existing agreement with GFD but with more call types (currently it's only for structure fires).

Director Medhurst makes a motion to approve the Auto-Aid Agreement for Closest-Unit Dispatch between WSFR and GFD, Director Lutz seconds, all "Aye". Approved.

### VI. Board of Directors Items

- i. Discussion/Possible Action: Fire Chief Search Process
1. Director Rosen said that he and Emily contacted their peers for references at two recruitment agencies. Based on negative feedback regarding McGrath, they recommend going with The Prothman Company. Director Rosen said the other concern with McGrath is that they didn't throw a very wide net to capture more candidates. Director Dykstra said he's on a list with Prothman and sees that they are prominent with hiring Chiefs. Director Rosen said there's also the concern with an assessment center since Prothman is more about the interviews. Director Medhurst likes the idea of ala carte with Prothman. Emily said they would kick off soon as they originally stated mid-August.
